- Mayor Mickey Pyle called the meeting back to order

- No motion was made

GOVERNING BODY COMMENTS

- Council Member Lanessa Arthur:

It was nice to see that the police report was decent and thanks to Jesse and his staff for keeping us safe. Also appreciates Fire Dept for all they do and getting the grants which show all the good things the Chief is doing for our city and for his staff. Cliff has a busy time coming up, little snow on the ground. He reported that the air compressors at the powerplant are going out and have someone coming in to look at them. The stainless-steel mile is almost completed and the water keeps flowing. Thanks, the staff in the office. Please check on your neighbors, friends, pets, and each other. The golf course is closed, so only the ones with memberships are the ones that can go out there. Please don't go out there and ruin anything and be mindful of the temps when you do go.

- Council Member Lucas Stansbury:

Eco's Lanessa, winter is here any maintenance be more delignate because any water on the ground is wasted water. We do have people available to take the calls after hours.

- Council Member Dennis Everett:

Has been visiting the water pipeline project over the last few weeks, its encouraging, its close, just waiting on a few connections on the other end. Defiantly we will be glad when water flows through the pipe as this means the first steps in this process will be under our belts. Thanks, the public works department for continuing to work on the street signs for around our city, they look great and give us all a greater sense of civic pride within our town, so thanks Jackie Messer.

- Council President Darrell Westhoff:

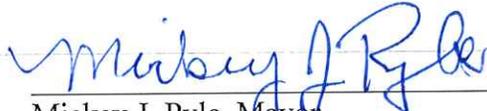

Commended all city employees, office staff, have had a good year. Wants to encourage people to attend or participate in the Christmas parade this coming Thursday at 6pm. Few upcoming projects, the supply line at the stainless mile, just have a few connections to do, which is great news. Next is the waterlines intown and when that's done, next will be streets.

- Mayor Mickey Pyle:

Eco's what everyone else has said. Thanks, all city employees, from the clerks in the office, electric, public works, police and fire. The electric would have a lot less, if people would stop running into the electric poles.

ADJOURNMENT

- Motion by Lanessa Arthur, seconded by Dennis Everett to adjourn at 5:50 p.m., motion carried.

Mickey J. Pyle, Mayor

Attest:

Heather A. Ryan, CMC, City Clerk
